

# Jeffrey Whitman, M.D.

LASIK/Crystalens®HD500®, ReSTOR®, ReZoom™ and Comprehensive Eye Care

Under the direction of president and chief surgeon Jeffrey Whitman, M.D., the Key-Whitman Eye Center has been recognized as a leading eye-care facility for nearly 50 years. A full range of progressive ophthalmic services are facilitated by a combination of highly experienced ophthalmologists, board certified by the American Board of Ophthalmology. Using a combination of Wavefront® analysis and treatment with the all-laser, blade-free Intralase®, the Key-Whitman team has improved the precision and predictability of LASIK surgery. Dr. Whitman is one of the nation's leaders in the implantation of the crystalens® intraocular lenses and

was the first to implant the crystalens® HD500® which provide a continuous range of vision for far away, intermediate, and close-up distances. Treatment for cataracts, glaucoma, and corneal disease as well as routine eye care is offered by the center. Dr. Whitman a recipient of the American Medical Association Physician's Recognition Award, is the current President of the American College of Eye Surgeons, and is recognized by *D Magazine's* Best Doctors peer review as one of Dallas' best seven years in a row!

**EDUCATION:** B.S., Southern Methodist University; M.D. and Internship, UT Southwestern Medical School; Residency, Scott and White Clinic
